

CATALYTIC

Fortified Security, Trusted Compliance

Deep-Rooted Experience Of More Than Twenty Years

With over two decades of expertise in cybersecurity and GRC, we provide end-to-end security solutions, including **Governance, Risk, and Compliance (GRC), Vulnerability Assessment & Penetration Testing (VAPT), Red Teaming, Incident Response, Security Awareness Training, ISO 27001 Certification & Audits, Cloud Security, and Threat Intelligence**—ensuring businesses stay resilient, compliant, and protected against evolving cyber threats.

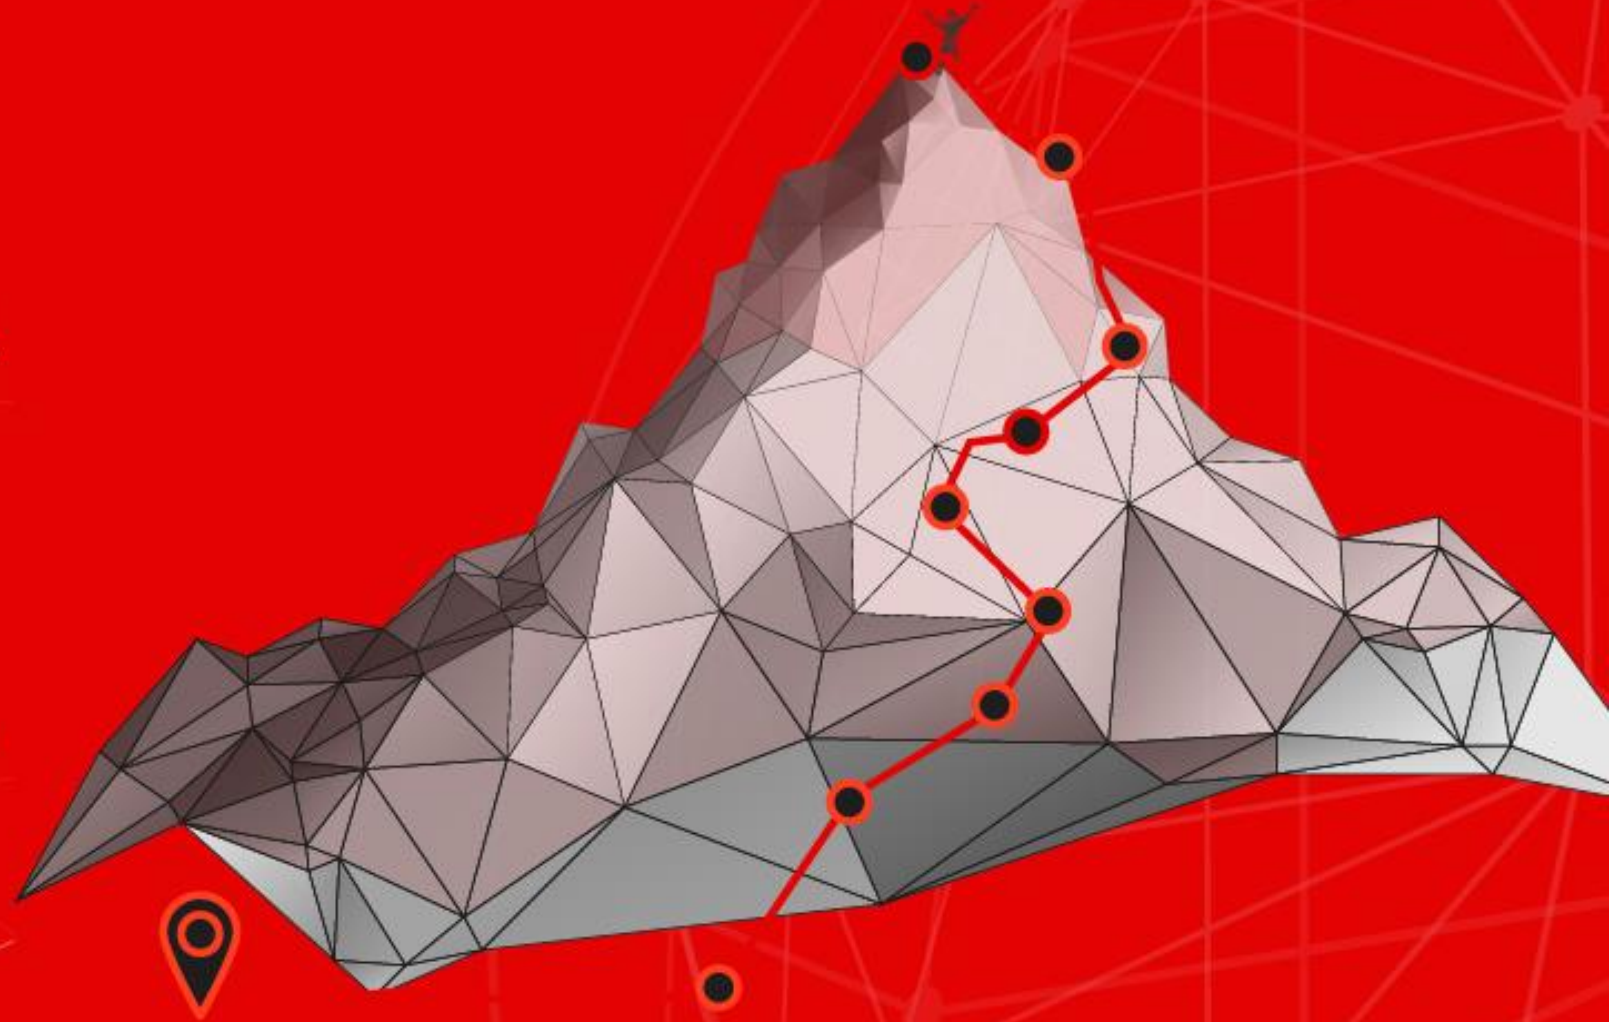

20+

Vision

To be the world's leading cybersecurity and GRC provider, enabling organizations to build a secure, resilient, and compliant digital future.

Mission

To empower businesses globally with innovative, cost-effective, and customized cybersecurity solutions that protect digital assets, ensure regulatory compliance, and drive sustainable growth.

Core Values

1. Integrity

We uphold the highest standards of honesty, ethics, and transparency in all our interactions and cybersecurity solutions.

2. Excellence

We strive for excellence by delivering top-quality services and continuously enhancing our expertise.

3. Customer-Centricity

Our clients' security and success drive everything we do, ensuring tailored and impactful solutions.

4. Innovation

We embrace creativity and leverage emerging technologies to stay ahead in the ever-evolving cybersecurity landscape.

5. Collaboration

We foster teamwork and strategic partnerships to strengthen security and achieve shared goals.

6. Accountability

We take full responsibility for our commitments, ensuring dependable and consistent service delivery.

7. Adaptability

We remain agile and proactive in addressing evolving cyber threats, ensuring our solutions meet the demands of a changing world.

Regional Expertise

Cybersecurity Across Key Sectors

- 1. Banking & Financial Services:**
Compliance with **PCI DSS**, **ISO 27001**, **SWIFT CSP**, and **SAMA Cybersecurity Framework**.

- 2. Telecommunications Sector:**
Securing **5G networks**, **IoT Infrastructure**, and compliance with **CITC Cybersecurity Framework**.

- 5. Oil, Gas & Energy:**
ICS/SCADA security, OT cyber resilience, and compliance with **IEC 62443** & **NCA's OTCC**.

- 3. Government & Defense:**
Risk management, threat intelligence, and alignment with **NIST**, **ISO 22301**, and **NCA ECC**.

- 6. Technology & Software Development:**
Cloud security, **DevSecOps**, and secure AI solutions following **ISO 27017** & **NCA CCC**.

- 4. Healthcare & Pharmaceuticals:**
Protection of **patient data** and **medical devices**, ensuring **HIPAA**, **GDPR**, and **HCIS** compliance.

- 7. Retail & E-Commerce:**
Digital fraud prevention, payment security, and compliance with **PCI DSS** & **PDPL**.

USA Specific Customers

A dark background featuring a complex network diagram with numerous nodes and connecting lines, rendered in a light gray color. The nodes are small red dots, and the lines are thin and light gray, creating a web-like structure that spans the entire page.

Discover How Our Expertise Can Strengthen Your Cybersecurity And Compliance.

What We Do.

Key Services

- Offensive Security Assessments
- Governance, Risk, and Compliance (GRC)
- Management Systems Certification Audits
- Resource Augmentation Services
- Cybersecurity Tools & Solutions
- Managed SOC Services

Offensive Security Assessment Services

Offensive Security Assessment Services

- Red Teaming
- Digital Forensics and Incident Response
- Compromise Assessment
- Vulnerability Assessment & Penetration Testing (External/Internal)
 - Infrastructure
 - Application
 - Mobile
- Information Security & Information Technology Audits
- Secure Source Code Review
- Malware Analysis
- Security Architecture Review and Design
- Datacenter Security Review
- Physical Security Review
- Risk Assessment

(GRC) Governance Risk And Compliance

GRC – Governance, Risk & Compliance

- Cybersecurity Maturity Model Certification (CMMC®)
- Federal Risk and Authorization Management Program (FedRamp)
- NIST Framework
- Information Security Management System (ISO 27001)
- Risk Management System (ISO 31000)
- Business Continuity Management System (ISO 22301)
- Privacy Information Management System (ISO 27701)
- General Data Protection Regulations (GDPR)
- Payment Card Industry Data Security Standard (PCI DSS)
- System & Organization Control (SOC 1, 2 & 3)
- Capability Maturity Model Integrated® (CMMI® - All Levels)
- HIPAA / HiTrust Compliance

Management Systems Certification Audits

Management Systems Certification Audits

Our Management System certification audit services evolve around the international recognized standards :

- Quality Management System ISO 9001
- Environment Management System ISO 14001
- Occupation Health and Safety Management System ISO 45001
- Business Continuity Management System ISO 22301
- Information Security Management System ISO 27001
- Energy Management System ISO 50001
- Food Safety Management System ISO 22000
- Hazard Analysis and Critical Control Points HACCP

Management Systems : Certification Audits

Our Management System certification audit services evolve around the international recognized standards :

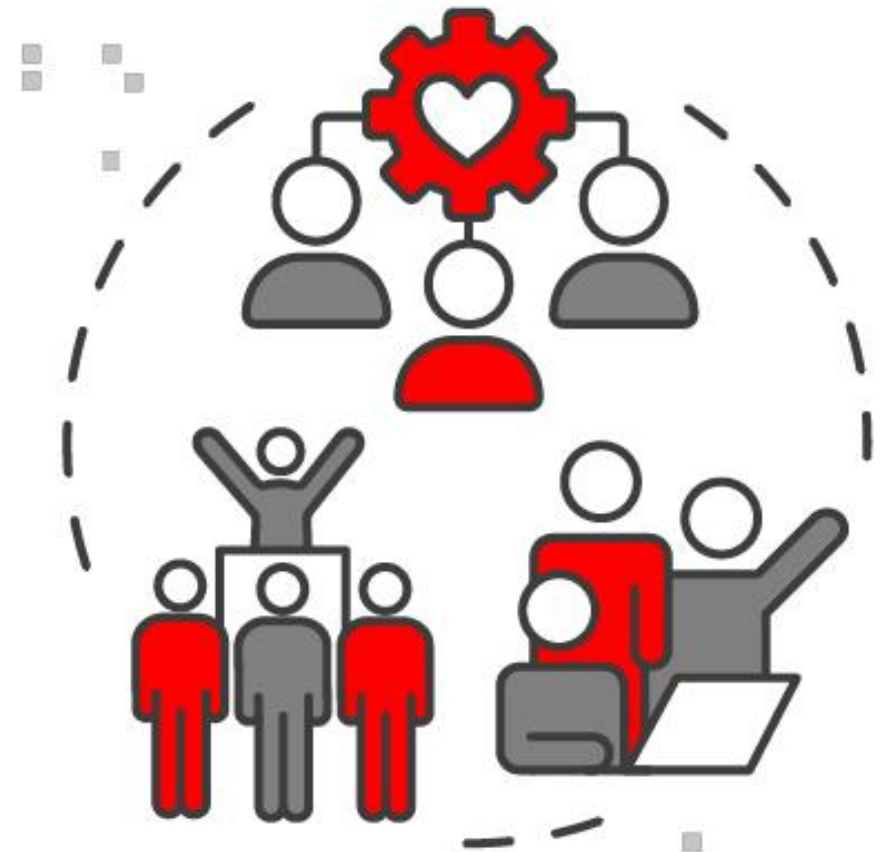

Resource Augmentation Services

Virtual Staff Augmentation Services

- vCISO (Virtual Chief Information Security Officer)
- Virtual GRC Consultant
- Cybersecurity Engineer
- SOC Analyst (L1-L3)
- VAPT Specialist / Red Team Resource
- Compliance Auditor
- DevSecOps Engineer
- Incident Response Specialist
- Data Privacy & DPO Advisor
- Risk Manager / Risk Analyst
- Security Awareness Trainers
- Cloud Security Architect (AWS, Azure, GCP)

Managed Security Services

Always On. Always Secure. Your Trusted Partner in Managed Security.

Catalytic Security delivers end-to-end Managed Security Services to help organizations monitor, detect, and respond to cyber threats—24/7. Our MSSP offering combines technology, talent, and threat intelligence to protect your business with speed and precision.

- 24/7 Security Operations Center (SOC)
- Threat Monitoring & Intelligence
- Managed SIEM (e.g., Logrhythm, Splunk, IBM QRadar, Azure Sentinel)
- Incident Detection & Response (MDR)
- Endpoint Detection & Response (EDR/XDR)
- Firewall & Network Security Management

Always On. Always Secure. Your Trusted Partner in Managed Security.

- Cloud Security Monitoring (AWS, Azure, GCP)
- Log Management & Correlation
- Vulnerability Management & Patch Advisory
- Compliance Monitoring & Reporting (PCI DSS, NCA, ISO 27001, etc.)
- Phishing Detection & User Awareness Support
- Threat Hunting & Behavioral Analytics
